1. Adding Your eBooks to the Magento Product Catalog

Visit <u>http://magento.editionguard.com/admin</u> with your browser and login with following credentials:

• Password : demo123456

* Due to security reasons the demo account permissions are limited.

D. Inventory

First, uncheck "Use Config Settings" under "**Manage Stock**", than set "**Manage Stock**" to "**No**". (Since eBooks are digital products, we don't have physical stock)

Manage Stock -> No

"Maximum Qty Allowed in Shopping Cart" -> uncheck "Use Config Settings" then set to "1"

• Maximum Qty Allowed in Shopping Cart -> 1

E. Categories

Add your eBook to Default Category and the eBooks category by checking the boxes next to them.

F. Downloadable Information

We are going to upload the eBook with EditionGuard DRM option. You can leave the "**Samples**" tab empty, it is not necessary for a demo. In a real scenario, you can use this to upload an eBook sample, for example the first 20 pages of the eBook.

Under the "Links" tab fill "Title" as "eBook Formats"

- Title -> eBook Formats
- Links can be purchased separately -> Yes

Filling out the eBook Row

- Title -> Placing both the eBook title and the eBook format recommended (Ex: eBook
 Title ePub (Adobe DRM))
- Price -> leave empty we have set it before
- Max Downloads -> 10 (for demo issue)
- Shareable -> Use Config
- EditionGuard -> Yes (applying EditionGuard DRM on eBook)
- Sample -> leave empty (*for demo issue*)
- File -> click the button and select ePub or PDF formatted eBook file
- Sort Order -> leave empty (*for demo issue*)

then click "**Upload Files**" button.

Now our eBook is ready to be sold with EditionGuard DRM. It has already been entered into product catalog and listed on the Magento frontend.

2. End User Simulation

In this second part of our guide, we'll be looking at how things work on the End User side.

First, we will need Adobe Digital Editions and an AdobeID to download and read an EditionGuard DRM protected eBook. You can Download Adobe Digital Editions from the following link and create an AdobeID all for free, in case you don't have them already.

Adobe Digital Editions : <u>http://www.adobe.com/products/digitaleditions/</u>

AdobeID : <u>https://www.adobe.com/cfusion/membership/</u>

The slides at the following link explains how the cycle works <u>http://www.slideshare.net/EditionGuard/adobe-digitaleditions</u>

Next, please visit EditionGuard Magento Demo site <u>http://magento.editionguard.com</u> . Select eBooks that you like to purchase and add them to your cart .
